

SUREHOLD®

Adhesives for every application

SUPER GLUE

DRIP-PROOF, CLOG-PROOF Patented Dispenser provides precision application of super glue

- A fast-setting adhesive that provides a strong, permanent bond to most non-porous materials such as:
 - Metal, Wood, Glass, Rubber & Plastic
- Everyone has experienced the agony of purchasing a Super Glue product, using it once, only to find the cap has glued itself shut, or worse, the entire tube has dried up.
 - SureHold has taken this complaint and has engineered a patented a delivery system that eliminates that issue.
 - Stores longer than most glues
 - Tube won't clog up after repeated use . . . Use tube again and again

- Patented Drip-Proof, Clog-Proof Applicator
 - Push the Yellow Button on tube cap to puncture seal, twist off cap and apply glue
 - Precise and controlled distribution of the glue (drop by drop)
 - Minimal clean up; glue is drawn back into the tube once pressure is released
 - A minimum of 12 months shelf life once the product has been opened and used.
- Bonds in seconds

Part No.	Product	Size	UPC Ea.	Case Qty
