

E-Line Zero-VOC

1611

Maintenance cleaners clean oil and contaminants off of metal parts, printed circuit boards, barcode instruments, switch boxes, gear boxes, and engines. Techspray has produced Blue Shower maintenance cleaners for over 30 years, making Blue Shower a staple in maintenance departments all over the world! Techspray offers a variety of solvents and waterbased cleaners that allow customers to match the right products with their cleaning needs. Choosing a strong, high quality cleaner saves time and money. Grease and oil flow right off, reducing the time and materials needed to scrub off stubborn soils.

General purpose remover of adhesives and coatings

E-LINE Zero-VOC is ideal for heavy-duty degreasing and for removing paint and sticky adhesive residues. Because it is VOC-free, there are no regulatory concerns -- even in southern California! Note: test first on plastics and painted surfaces to check compatibility.

- Pure Acetone
- Ideal for removing inks & adhesives
- VOC-free, Low GWP
- Low toxicity
- Non-ozone depleting

Instructions

Disconnect equipment from power source. Make sure opening of sprayhead is pointing toward surface to be cleaned. Hold can 6-8 inches away. Direct spray to saturate soiled surface. A TechBrush® (2000 Series) may be utilized to help in the removal of heavy soils. When used as a general cleaner, start at top of area to be cleaned using a sweeping motion and spray the area, slowly working toward the bottom. To clean in hard to reach areas, insert extension tube in sprayhead to direct spray. Allow components to dry completely before applying current.

Technical Information

Chemical Composition

| CHEMICAL NAME | CAS # |
|---|---------|
| Acetone | 67-64-1 |
| 1,1-difluoroethane (HFC-152a) (aerosol) | 75-37-6 |
