

UniHomeBox™

Home Networking Solution

UNICOM's new UniHome Box, a complete home network in a box, provides a total wiring solution for most home environments. The box is designed in compliance with TIA-570-A Residential Wiring Standards and the EIA-600 Consumer Electronics Bus (CEBus) to provide all the connections you need; from telephone and cable TV to in-house broadcasting and computer networking. Imagine sharing an internet connection with multiple computers, monitoring the kids and enjoying a movie from any area in your home...simultaneously!

Note: Switch/hub sold separately. Unicom's 5/8-port 10/100 Switches and 5-port Ethernet Hubs are designed to be used with UniHomeBox for networking connections.

*5-port 10/100 Switch
FEP-32005T*

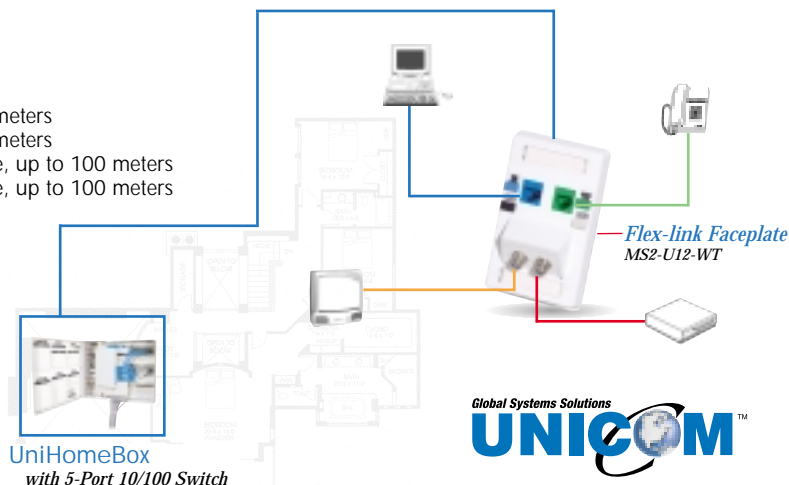

**also available with*

- 8-port 10/100 Switch FEP-32008T
- 5-port 10Base-T Hub ETP-20005TM-1

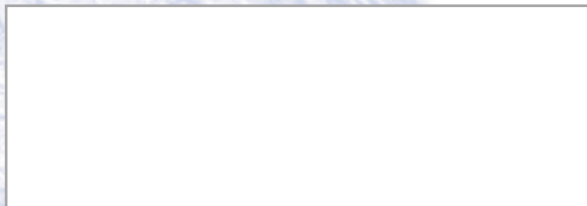

UniHomeBox
with 5-port 10/100 Switch*

PART NUMBER	DESCRIPTION
UHB-2VDT-KIT	UniHome Network Box, with CATV input. 8 port in-bound/out-bound video, 6 port Category 5e Data, 6 port Telephone, one extra space for any module and (5) 1ft. Category 5e patch cords for Network Connections.
UHB-M6ED	6 port Category 5e Data Module for extra Data Line
UHB-M63T	6 port Telephone Module for extra Telephone Line
UHB-S1FC	CATV Input Surge Protection (F connector)

Standards :	TIA-570-A Residential Wiring Standards, EIA-600 Consumer Electronics Bus (CEBus) EIA/TIA-568-A-5 Category 5e Standards for Data EIA/TIA-568-A Category 3 Standards for Telephone
Interface:	In-bound video: 8 x F (Female) Out-Bound video: 8 x F (Female) CATV Input: 1 x F (Female) Data Module: 6 x Category 5e RJ-45/110 Telephone Module: 6 x Category 3 RJ-45/110 Space Module: For expansion
Impedance:	In-bound video: 75 ohm Out-bound video: 75 ohm Data: 100 ohm Telephone: 100 ohm
Bandwidth:	In-bound video: DC to 1 GHz Out-bound video: DC to 1 GHz CATV Input: DC to 1 GHz Data: up to 100 MHz Telephone: up to 10 MHz
Distance:	In-bound video: RG-6 cable, up to 50 meters Out-bound video: RG-6 cable, up to 50 meters Data: Category 5e UTP cable, up to 100 meters Telephone: Category 5e UTP cable, up to 100 meters
Enclosure:	Metal
Dimensions:	14.125" (W) x 10.5" (H) x 4.25" (D)
